

PROTEA LOOP

This hiking trail takes you through the amazing fynbos on the Stettyn mountain range against which the property lies. The protea (*Protea neriifolia*) is a native shrub that is unique to the fynbos biome of Southern Africa. Look out for tracks of the Cape Leopard in the area. They are protected in this area and move up the slopes of this mountain range.

Distance: 2.3 km

Elevation: 69 m

Difficulty: Moderate/ Intermediate

Biking: Intermediate – be prepared for very steep slopes with eroded area.

VALLEY LOOKOUT POINT

This hiking trail takes you through the famous fynbos biome of the Western Cape to a viewpoint. There is a bench available to catch your breath and enjoy the beautiful scenery. You will be able to see the valley in its entirety from east to west. If you look to your east (left) you will be able to see Worcester in the distance. When you look to the west (right) you will see the beautiful Theewaterskloof dam and Villiersdorp. Walk back on the same path as you came.

Distance: 1.89 km

Elevation: 84 m

Difficulty: Easy/ moderate

Biking: Easy

HORSES' WAY

This hiking trial leads you on the pathway of the majestic Stettyn mountain range. When you walk off the main road you will find soft soil with many horse tracks that calmly lead across the terrain. The dam that you will walk past is a natural ecosystem for the water-loving animals and plants. Look out for dragonflies when you reach the dam.

Distance: 1.98 km

Elevation: 58 m

Difficulty: easy – comfortable walking trial

Biking: Intermediate – be prepared for soft soil on the road.
