FRUIT PLATTER

SERVES 10-12 | R600 PER PLATTER

Fruit platters will change seasonally. FA is part of a commercial fruit farm and will always endeavour to use its own fresh fruit and produce when available. Furthermore, we support our neighbouring farms by sourcing local fruit as far as possible. Platters may contain watermelon and sweet melon squares, blueberries, mango pieces, strawberries, black and green grapes as well as plums, prunes, pears, Afri apples and green and black figs from FA depending on the season.

CHEESE PLATTER

SERVES 10-12 | R750 PER PLATTER

These mouth-watering cheese platters will make your guests smile. The heroes of these platters are definitely the cheeses. Platters will consist of at least 3 different cheeses. Whole green figs from FA add extra oomph to the Blue rock, Camembert or Roquefort cheese. Additional cold meats and drywors/biltong or chorizo makes these platters very satisfying. Add to these 2 dips, 1 or 2 types of FA produced jams (fig or apricot), black or green olives and olive tapenade also produced by FA. The crackers, cheese straws, mini vetkoek or French loaf makes excellent carriers. Baby tomatoes/carrots and seasonal fruit (figs, grapes and blueberries) are added for some freshness. Yum!.
